41. Bonus Policy

Any bonuses, promotions and benefits that are provided by TryMarkets or any trading account are held under the Company's terms and conditions and can be viewed there for more details. Should TryMarkets under any circumstance suspect any wrong doing or deception, TryMarkets reserves the right to cancel bonuses, promotions or benefits that have been provided or are supposed to be provided to the specified trading account. The decision whether to offer a bonus to a prospective/potential client is clearly and indisputably at TryMarkets's absolute and unreserved discretion.

In order to be eligible to withdraw your bonus, you must execute a minimum trading volume of \$10,000 for every 1 bonus dollar (\$1). For example: if you receive a bonus of \$100, you will need to have a minimum trading volume of \$1,000,000 in order to be able to withdraw your bonus. Your trading volume will start counting towards the trading volume requirement for bonus withdrawal from the date you receive the bonus.

TryMarkets does not wish to restrict your account during the period in which you have not met trading volume requirements related to your bonus. Thus it should be noted that if you request a withdrawal during this period, the full bonus amount, including profits generated from the said bonus, will be forfeited. In such a case, the bonus amount will be deducted from your remaining account balance. You will then be able to manage the remaining balance in your account freely.

The acceptance to the reception of the bonus and its insertion to your account, binds the client to the bonus's terms and conditions above and hereinafter. After the bonus is injected to the client's account, it cannot be retracted and/or removed under any circumstances.
